

# RAINBOW PRINT

*Specializing in Screen, Pad, Rotary Printing  
Heat transfers & Vinyl stickers...*

Creating a barrier between you and possible pathogens is an added step towards being safer from infections like COVID-19. Reusable double-layer face masks are the more environmentally friendly face mask option.

Washing and sanitizing re-usable masks after every use is a necessity in proper face mask care.

## We Now Offer Branded Masks

Masks are made from Double layer Washable 100% cotton inside layer J54 cotton outside layer

**We are manufacturing Branded and unbranded masks with the following options.**
